ABOUT ME

A collaborative problem-solver with a passion for crafting practical, user-focused tech solutions. I enjoy working in diverse teams, adapting quickly to new challenges, and turning ideas into functional code. Curious by nature and driven by purpose, I'm always on the lookout for opportunities to build, learn, and contribute to projects that create real-world impact.

TECHNICAL SKILLS

- 1.Programming Languages: HTML/CSS, JavaScript, PHP, Java, C/C++, Dart, SQL
- 2.Frameworks & Tools: Flutter, Firebase, Laravel, Bootstrap, MySQL, Github, Android Studio, VS Code, Figma, XAMPP, Postman, Notion
- 3.Technologies & APIs: Firestore, Google API, UI/UX Design
- 4.Productivity Tools: Microsoft Word, Microsoft Excel, Google Workspace, Discord, Teams

PROFESSIONAL EXPERIENCE
